## **MERIAM'S CORNER OBSERVANCE**

### **Saturday, April 7, 2018**

### **Minute Man National Historical Park**

### **Concord, Massachusetts**

For over two decades, members of the Mer(r)iam family from across North America have been meeting each spring to celebrate our storied family's role in America's birth and development, and to further efforts to rehabilitate the historic family home at Meriam's Corner, built in or about 1705. These annual gatherings have become a wonderful way to experience our national and personal history while getting to meet new "cousins" and reconnect with family and friends.

#### **MERIAM'S CORNER AND THE MERIAM HOMESTEAD**

The homestead at Meriam's Corner is one of the oldest surviving structures in the area. Our family built this home in about 1705 after emigrating from England to America, and you can still see the foundations of an even older family house on the grounds, outlined with marker stones purchased thanks to the generosity of those who have participated in this effort. On the 19th of April 1775, it was the scene of the first heavy fighting on the British retreat back to Boston after the skirmishes at Lexington and Concord. In recognition of its historical significance, the National Park Service purchased the Corner to become a part of Minute Man National Historical Park and it now forms the western anchor of the Battle Road Trail, a five-mile interpretive trail along which the landscape is being restored to its 18th century appearance.

Although the Meriam house was structurally sound, when the project began the exterior finish and the interior were badly deteriorated. In the year 2000, we officially launched a fundraising campaign, the Campaign for Meriam's Corner, to rehabilitate it and to support interpretive programs and its ongoing maintenance. A Meriam's Corner fund has been established through the nonprofit Friends of Minute Man National Park, which supports the work of the Park, so that donations are now tax-deductible.

This is a public-private partnership. The Park won a \$1.7 million grant supporting rehabilitation of the exterior of the Meriam's Corner farmhouse and six other historic houses within the Park. The Campaign, now entering its 18th year, has asked family and friends for donations to continue that work to refinish the interior. Our success is now finally visible. With funds raised so far, the Campaign made donations to the Park in 2003 for exterior and in 2005 for interior rehabilitation, window treatments, and carpeting; and in 2008-09 the site of the even earlier (*ca.* 1663) Josiah Meriam house on the grounds was delineated with an engraved marker and corner stones. During recent years extensive further interior work and refinishing has been

done. For the past five summers and early autumns, the Corner has been opened to visitors each weekend—a milestone in our effort.

The Merriam House has been under a large preservation project funded by the NPS which started last year (post Patriot's Day) and is continuing into this year. At the moment, it is hoped that the house will be open for the family as in the past, but certain portions of the house may be roped off while preservation work takes place in those rooms. Recently, certain floor boards had been removed while sill and joist repair work was underway. Unfortunately, as the initial preservation work began, large infestations of carpenter ants/termites were discovered and the house has also been treated for that. More private donations to complete this work this year would be greatly appreciated. Minute Man National Historical Park has requested more NPS project funding, but is yet to hear on the outcome of that request. Visitors will definitely notice a significant improvement in interior/exterior areas of the house where work is already completed.

Every April, the Town of Concord organizes a Meriam's Corner Observance and parade, with marchers in Revolutionary costumes, as part of Concord's and the Park's observance of the battle. This year, the date is Saturday, April 7th, one week before Patriot's Day weekend. Family members and Park representatives will meet to discuss the Campaign and socialize over a late lunch at the Noah Brooks Tavern in the Park, and the House will be open for tours. All Merriams and Meriams and those who affiliate with us are invited to the Observance at 1:00 pm. (The parade forms up at 12:30 pm, and you are invited to march! It is about half a mile, and Colonial attire is not required.) After the parade and celebration we will meet up at the historic Brooks Tavern for a late lunch and revelry. At about 3:30 PM Superintendent BJ Dunn and others from the Park will join us and give us a briefing on the Merriam House project. We will dine downstairs as we have done in the past, but adjourn at 3:30 PM to an upstairs room set up for the presentation.

## A few final thoughts....

Please note that **two separate forms** are enclosed – one to register for our lunch and the other to send a contribution. They go to separate addresses!

Remember that this is New England, and **the weather is notoriously unpredictable**. Literally *anything* is possible. In years past we have enjoyed warm sun, rain, and snow (and more snow!) -- sometimes all on the same day! If you are coming from a distance, check the forecast before setting out, and be prepared. Our events – like the Revolution they commemorate – are not weather-dependent and we go forward, rain or shine!

**Spread the word** to any family and friends we haven't reached, and invite them to come along! The gathering of Merriams and Meriams from around the world sends a strong signal to the Park that there is a constituency and support for the Corner, and encourages and thanks them in their commitment to this work. We are not doing any mailing this year.

**Update your information!** When you complete the enclosed registration form, please give us as much information about how to reach you as you can and even if you cannot join us this year, send us the form by email or regular mail with your updated information.

**Make a donation** to continue the work of restoring and preserving our family and national heritage. Consider honoring a family member or ancestor by contributing to this cause. A contribution form is enclosed for your convenience, and contributions of any amount are gratefully accepted. Contributions should be made to the Friends of Minute Man Park with a notation that the contribution is for the Campaign for Meriam's Corner. The Friends is a 501(c)(3) organization and contributions are tax deductible. Visit the website at <http://www.friendsofminuteman.org/aboutus.htm>
